The Senior Class

There are no words that can express how much the class of '66 has done for Valley. They have not only carried on the traditions of the school, but they have also set traditions, which will live on for many years.

There has been no other class which has shown as much school spirit and loyalty as this year's graduating class.

This can be proven by their successful efforts in donating the most amount of money ever collected to our library, by the most successful Junior-Senior Prom, and by the way they have been represented at almost all of Valley's activities.

There is perhaps only one sentence which describes the 1966 Senior class, and that just happens to go with their class cheer. Seniors, Seniors, THE BEST!

Epilogue

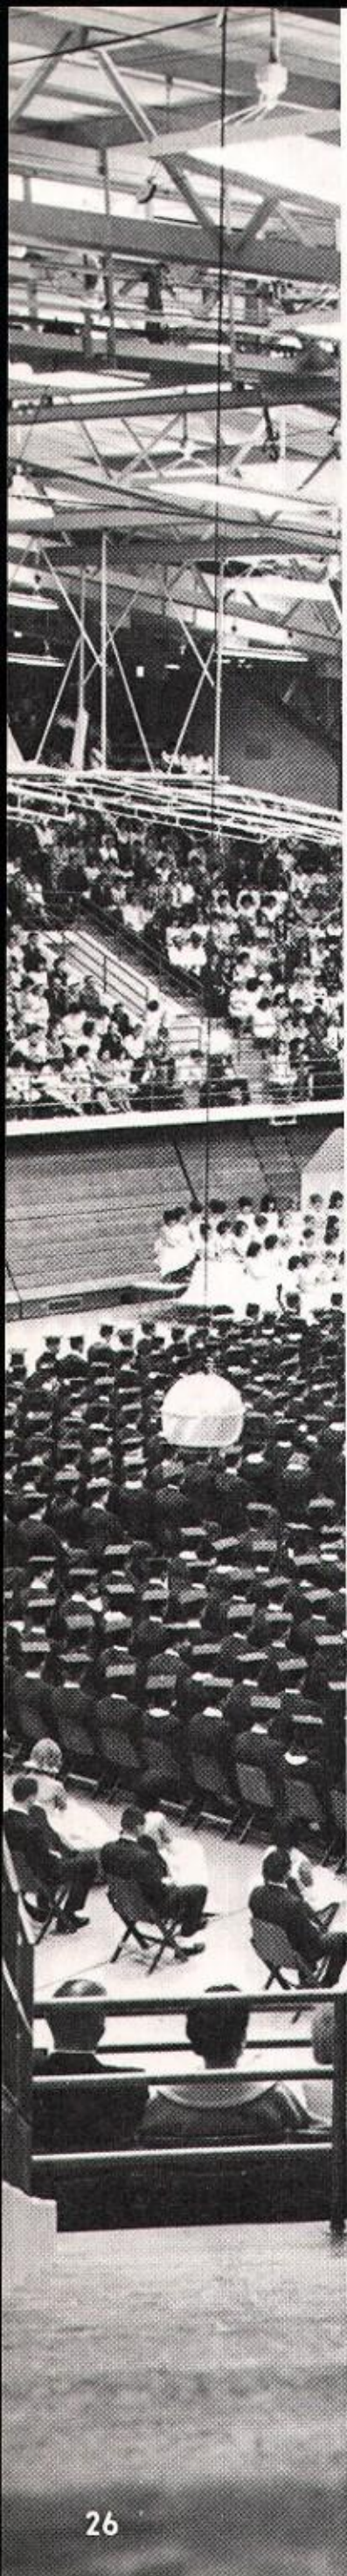

We, the class of 1966, have carried out all the traditions Valley has set. We only hope that the classes that follow will live up to the standards and high ideals which Valley stands for.

Now, all we have left are the memories of Valley High.

The Junior Class

The class of 1967 is a class in the middle, looked up to by the Sophomores, but not yet noticed by the Seniors. The Junior Classes now and previously have seemed to be a part of the background at Valley.

The Juniors this year have tried to meet a point where they were looked up to as the mighty Junior Class. Junior boys are a part of the football team and the basketball team. We tried our best in reaching this point by honors in sports and extracurricular activities.

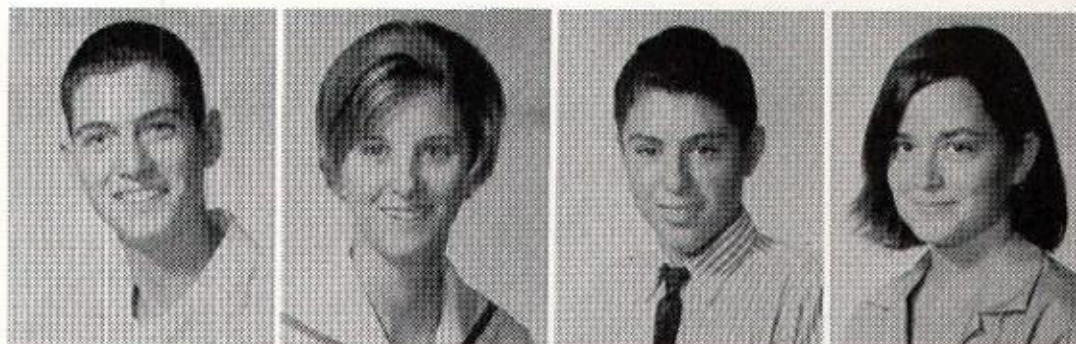

To get acquainted with their fellow classmates the Juniors held a Junior Class party, and to end a wonderful year they sponsored the Junior-Senior Prom in honor of the Senior Class.

The Junior Class was represented in Student Council as one of the Junior Class members was elected Vice-President. They were also represented by the class officers as well as in Senate and in Boy's and Girl's State.

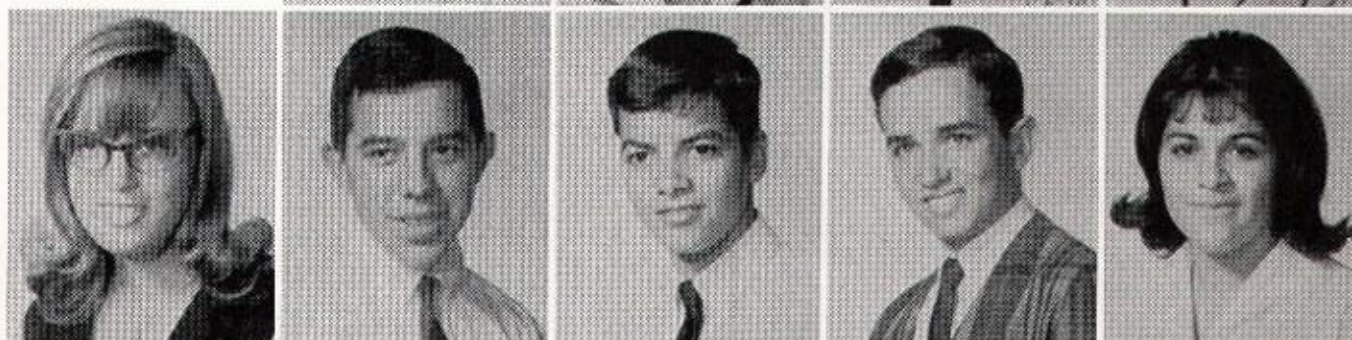

Epilogue

The class of 1967 is now ready to accept the greatest task of responsibility and leadership. We will work to keep Valley High School among the top in spirit, sportsmanship and enthusiasm. We bid farewell to the class of 1966.

The Sophomore Class

On September 1, 1965 one of the largest groups of sophomores became a part of Valley High School.

This outstanding class became recognized by the other classes at Valley by sponsoring the annual Sweetheart dance and attending the social functions and activities at Valley with spirited feelings.

Many of the newcomers were threatened by seniors and taunted by juniors but they smilingly accepted criticism instead of thanks, for little tasks such as running errands and carrying books to classes for the upper classmen.

They held their sophomore class party early in the year so that they could become better acquainted with their fellow classmates.

This class was not only a proud class, but also one which worked hard. They were represented well in Student Council and many other clubs here at Valley.

Together, as one, they have worked hard to represent Valley in the best way possible, so that when they are sophomores no longer, they will not be soon forgotten.

Epilogue

We are confident that the class of 1968 is ready to carry on the feelings and traditions of Valley High School as juniors. During the next two years we believe that this class will become a future monarch throughout the halls of Valley High School.

Seniors

Each year the Saga has the honor of presenting to the student body the names of those students who have been selected to Who's Who. A committee of faculty and administration diligently studied the student body looking for those special people who have demonstrated above average achievement in academics, leadership, activities participation and cooperation with others. Congratulations to these thirteen students and to the selection committee for a job well done.
